BACK TO FARM AFTER FORTY-FOUR YEARS OF RAILROADS

Mr. W. C. Brown, President of New York Central, Starting as Section Hand When Passenger Cars Were Lighted With Candles, Has Seen a Marvellous Development Since Then...And Ends as Head of Great System

E swung his swivel chair around from the flat deck on which documents of all kinds were arranged in orderly fashion and arose to great the visitous who entered this comfortable but severely plain office. Slightly below medium height he was, hair whiteness many agriculture, and if we are to sparkling with fire—a man of 80, clean cut, fall of enersy—the heart and main spring directing force of the New York Central And now he has handed in his resignation to take effect January I.

"Yes," he said, in answer to a question, "I remember very well when I commanded work as a railroader. It was in the latter part of June, 1839, and employee wenty of the said, in answer to a question, "I remember very well when I commenced work as a railroader, and the horse of the same to take effect January I.

"Yes," he said, in answer to a question, "I remember very well when I commenced work as a railroader, and the horse of the ploughing corn on a farm out in nortern low. It was in the latter part of June, 1839, and a might be with the provision, the plough in the plough

and its business end.

position ever paid. With him acceptance of the office was a business proposition, but it also brings him bac

into direct association with the game he

he is now.

on the plough.

"At one end the big field ran up close against the railroad and when I got there I stopped to let the horses rest the rand eggs, they had no value what-

continued with a smile. The best light at lit ever since, and for the last three or four years. The plan has been looking for a number of prour years. The plan has been repeated with a number of proury years. The plan has been repeated with a number of proups, and I consider that the money have have have have have have a plan his market is right at his door, and the prices he receives average double that our general history of remark-these of formula to the prices he receives average double that our general history of remark-these of formula to the prices he receives average double that our general history of remark-these of formula to the prices he receives average double that our general history of remark-these of formula to the prices he receives average double that the money are prices he receives average double

there I stopped to let the horses rest and to catch a breath of air for myself.

Outside, on the ralls, was a section foreman, A. J. Leach, and his gang at work, the looked up and saw me wiping my forehead. After a single glance he said:

"Young man, how would you like to go to railroading?"

"Toung man, how would you like to go to railroading?"

"I'd like it mighty well." I replied.

"After a single glance he said:

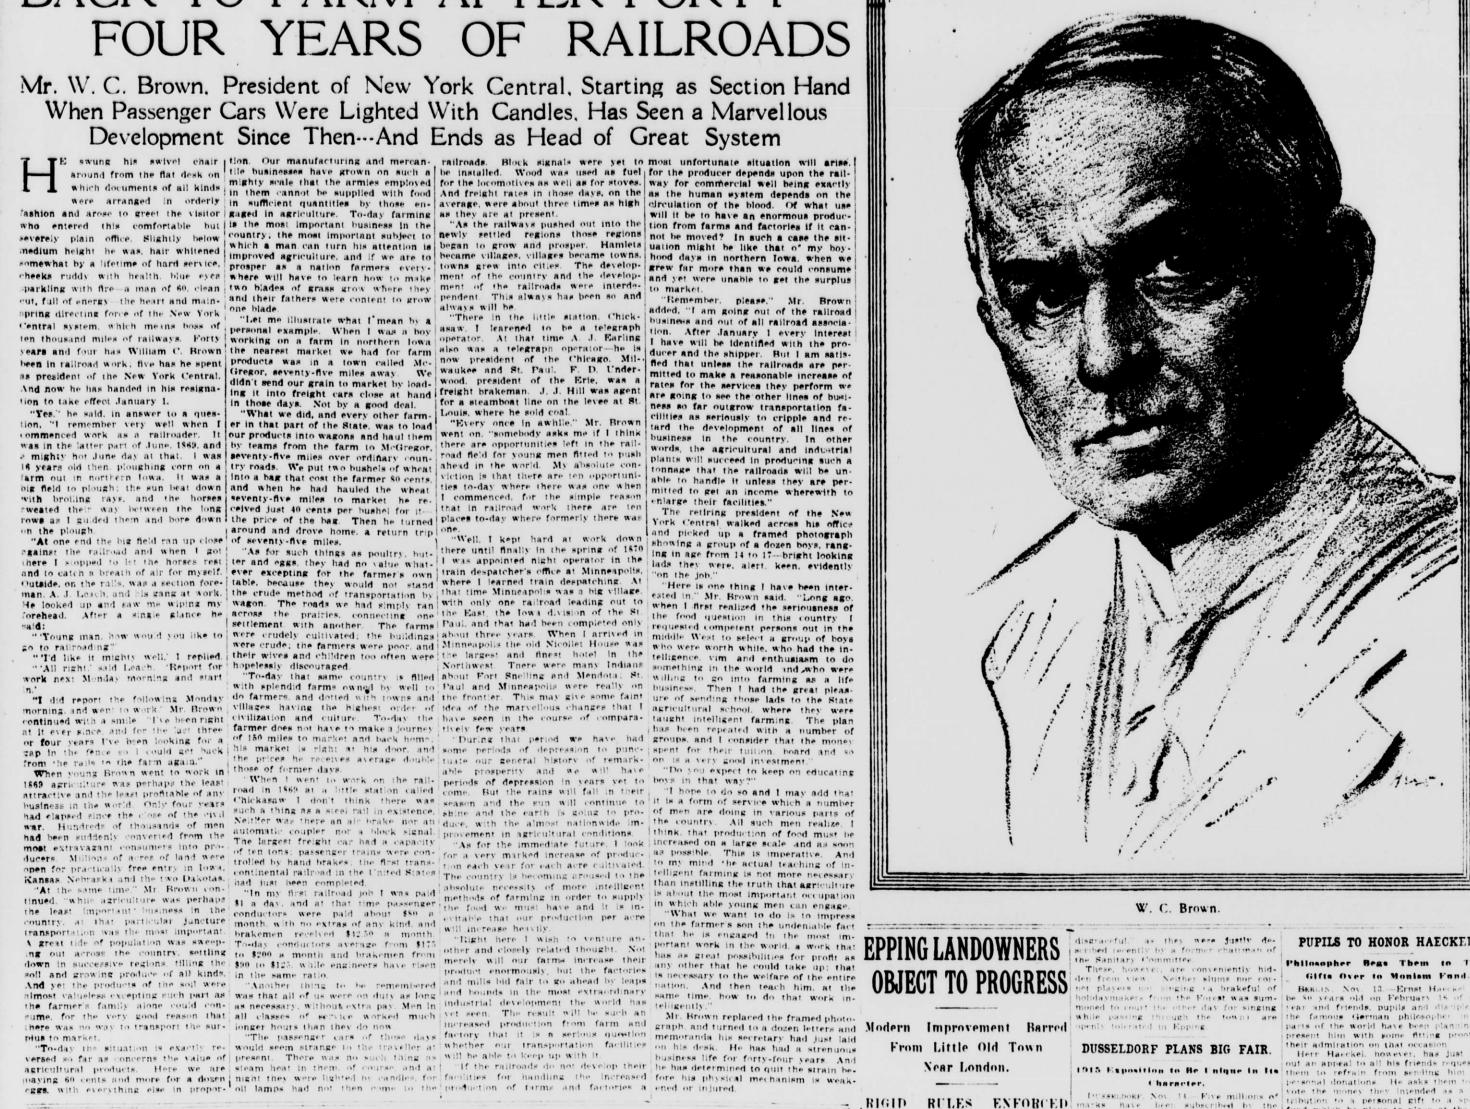

"To-day that same country is filled with splendid farms owned by well to do farmers, and dotted with towns and villages having the bighest order of continued with a smile "I've been right."

As for such things as poultry, butter and so poultry, but, the rails sopped to let the horses rest and to catch a breath of air for myself.

Outside, on the ralls, was a section fore the farmer's own the rails, was a section fore the farmer's own the crude method of transportation by wagon. The roads we had simply ran across the prairies, connecting one settlement, with another. The farms were poor, and their wives and children too often were crude; the farmers were poor, and their wives and children too often were hopelessly discouraged.

"To-day that same country is filled with splendid farms owned by well to do farmers, and dotted with towns and villages having the bighest order of continued with a smile "I've been right."

To do were crude; the farmers were poor, and their wives and children too often were the largest and finest hotel in the train despatcher's office at Minneapolis, at time depatching. It was appointed night operator in the train despatcher's office at Minneapolis, where I learned train despatching. At the train despatcher's office at Minneapolis, with only one railroad leading out to the tast time Minneapolis was a big village, with only one railroad leading out to the East, the Iowa division of the St. Paul, and that had been completed only with the train despatcher's office at Minneapolis, with only one railroad leading out to the train despatcher's office at Minneapolis, with only one r continued with a smile "I've been right civilization and culture. To-day the have seen in the course of compara- taught intelligent farming. The plan

of tips from their victims, and a man of any rank was expected to hand its execu-tioner anything from five to fifty guineas. If the tip were liberal enough it was possible to defeat the ends of justice. The famous Jack Ketch once confessed to having accepted 20 guineas from a no-torious criminal, in consideration of which he gave him an opportunity to slip off the scaffold and mingle with the crowd. Whereupon Ketch made a feint of pursuit, a white faced little tailor from among the spectators and strung him up
